This theme is full of great features like: Wallpaper Scroller, Tabs, Transparent Background, WMP Logo, Transparent Win button, etc. To install this theme, you need to purchase the "Windows 7 Professional Themes"

### What's New In Rocky Mountain Mirror?

----- The theme is a fusion of simplicity and a little bit of "toughness" which means that the theme has been designed to be as good looking and useful as possible. You'll notice that the theme has a very minimalistic look but still offers sufficient features to make it a useful and handy theme. The theme also supports multi-screen features so you can show your desktop in the traditional way or on separate screens. The workspace switcher and the minimized window buttons can be seen even if you have another screen turned on. Also, you can create your own taskbar buttons so you can add your favorite software. Requirements: ----- \* Windows 7 How to Install: ----- \* Put the downloaded theme file (.zip) into your desktop Tips: ----- \* To move the application to the taskbar, right-click anywhere on the desktop, and then, select "Move to taskbar". \* To use the desktop gadgets, right-click the desktop, and then, select "Add desktop gadgets". \* To use the workspace switcher, right-click anywhere on the desktop, and then, select "Show workspace switcher". \* To minimize/maximize all windows, click the upper left corner of the window, and then, select the desired option. \* To change the volume, double-click the volume icon on the taskbar, and then, select the desired option. \* To see the all windows, click the upper left corner of the desktop, and then, select the desired option. \* To see what is in the background, click the upper left corner of the desktop, and then, select the desired option. \* To show all windows, right-click anywhere on the desktop, and then, select "Show all windows". \* To see the desktop gadgets, right-click the desktop, and then, select "Gadget options". \* To customize the background, right-click the desktop, and then, select "Change background". \* To create your own taskbar buttons, right-click the taskbar, and then, select "Customize". \* To use an application that has a preview image or a preview window, right-click the desktop, and then, select "Show preview window". (optional) To create a new user, go to Control Panel > User Accounts and enable "Turn Windows features on or off". Then, right-click a user name, and then, select "Properties". Change the name, and then, click "OK". Installing and Running the Theme: ----- Step 1: Extract

---
