

A British man died in mysterious circumstances on Blood Island. A box found on the Island, filled with memories of the man's past, has been confiscated and brought to mainland Britain. You wake up one day and find yourself in a strange new world. You're an amateur detective, eager to find the answers. You're a Child of the Night. You need to find a way out of this world, and that's as good a place as any to start. Everything goes wrong for the son of the baker. Kids are disappearing, and the parents are in tears. But his mother is much more worried than that, for he has lost his first night since coming to this place. Your mate has disappeared as well. You're an amateur detective eager to find the answers. You need to find a way out of this world, and that's as good a place as any to start. A crime has occurred in the town of Kifah. The police have sealed off the crime scene and the public is curious about what happened. Something odd is found on the crime scene. But the only one who can explain the mystery is the sleepy-eyed night detective. The streets are covered with a layer of dark tar. Life is normally a dance that revolves around a mercurial light that appears and disappears in the skies. But not this time. The skies have turned inky black, things have happened. You wake up one morning and find yourself in a strange new world. You're an amateur detective, eager to find the answers. A letter in the beginning of the game hints at what's happening. You're an amateur detective eager to find the answers. A letter in the beginning of the game hints at what's happening. Old friends are gone. Your husband has gone missing. You're an amateur detective eager to find the answers. You need to reach the house in time. The reason for what is happening is only a few miles away. A line has disappeared, the road is now only a broken gash in the landscape. You know that there is a line and that you need to find it to solve the mystery. The dog is barking. It's no wonder: You're an amateur detective eager to find the answers. The dog is barking. It's no wonder: You're an amateur detective eager to find the answers. The master of this house may have a dark secret. A series of high-profile murders in a town at the edge of the forest

Features Key:

Explore the minds of many strange creatures.

Follow the logs left behind by other people that have encountered the creatures, and figure out what to do next.

Bugs? Suggestions?

The PC version supports 8-way mouse. Note there is no controller support for Xbox. I am planning to implement it in the future as an optional feature.

If you could name your character or pets what would it be?

Thanks for listening!

Hope you enjoyed it, and if you did let me know!

Dr Nanaki Bethany Hey everyone,

As this is still early into development, I have been asked some really interesting questions about the game, and a few other odd things have happened.

Sorry for taking so long to get around to writing this, but felt the need to reply to some of these questions.

Will you make a standalone version of the soundtrack?

Yes, it will have a standalone version in the future

How will the soundtrack be handled? Will it be separate or bundled in with the game?

Will be separate. I can't guarantee when the standalone version will be available, but I am working on a really slick system that I will reveal when I am ready.

Is there an estimated release date?

Yes, I am hoping for a launch around the second half of May 2016.

Do you plan any DLC?

Maybe in the future, a rather large DLC pack with patches that incorporate new skills, new zones and new monsters into the game (at least in the earlier phases of development).

-Nanaki

In The Stillness of the Wind, you explore the lush landscapes of Italy as a wind called “Nuumman” and a light called “Eolia” bring the world to life. Through this interplay of wind and light, the player becomes immersed in the story, and can experience the full beauty of The Stillness of the Wind. About the Music: The music of The Stillness of the Wind is inspired by Renaissance musicians such as Giles Farnaby, Hildegard of Bingen, and Jacopo da Bologna (Johannes Ockeloen). The game uses original compositions, remixes, and arrangements of the music of The Stillness of the Wind and other Gregorian works by early composers. About the Audio: The audio of The Stillness of the Wind has been designed by composer and music director Tero Kinnunen, a member of the Finnish hip hop band Gamma Ray. The soundtrack is produced in a variety of experimental techniques to create a sonic and visual landscape truly inspired by the beauty of The Stillness of the Wind. About the Sound: The sounds of The Stillness of the Wind feature a variety of unique, experimental audio techniques, including ambient soundscapes, nature sounds, and the voices of various indigenous people of the regions of Europe and North America that inspired the game. About the Playable Characters: The Playable Characters of The Stillness of the Wind include Wind and Light, a light deity who guides the player through the world of The Stillness of the Wind, and the people of the Forgotten Kingdoms, a community of people who live in the lands where the light and wind have made their home. About the Gameplay: The gameplay of The Stillness of the Wind revolves around two entities, Wind and Light, who act independently, and synergize with one another in the player’s quest to discover the secrets of the wind. The play is smooth and welcoming. It requires no hard-coding and no attention to tedium. No special skills, knowledge, or understanding of the physics of wind is required to play The Stillness of the Wind. About the Game Concept: The game is an attempt to re-imagine the beauty of the world of The Stillness of the Wind. It explores the relationship between humans and nature in a way that forces us to find out what it means to be human. The game was inspired by the rich c9d1549cdd
