Tower Defense is a genre that is rapidly growing worldwide, especially now that more and more people have taken to the internet. People are being introduced to the genre for the first time, and they find it exciting. Another big reason Tower Defense is gaining in popularity is the diversity it offers. From the original "Tower Defense", Tower Defense has expanded into many different genres including story based games and puzzles. Element TD is the newest tower defense game to the world. It takes the current framework of tower defense and mixes it with a new original idea. Players are given a vast amount of tower combinations with the versatility of any tabletop game. Combine the elements to create a wide array of towers with different powers. This game is still in development and we are adding content regularly. We have plans to add expansions like the all-time favorite "Raise the Walls" along with new elements, new towers, and new gameplay. We have some amazing features planned, but these are all in the future. We want to be sure we do it right first, and that takes time!
