
Holux Eztour For Logger Serial Number [2021]

April 13, 2011 à€” There is a serial number on the box and on the body of the Receptor GPS Bluetooth HOLUX M-1000C. do gravity intervals do log without HOLUX ezTour software. If you plan to use your device with the software, you will need to provide a serial number. To find out your number, go to the support page. On this page, click "User's Guide" and enter the serial number that you see in the "Serial Number" line (p. 13). If you are using a device with software and do not wish to enter a serial number on it, simply set the device to zero latency mode.
